## **Main Menu**

From the main menu you can access three things.

1. The game can be exited by pressing the red button in the upper left corner marked as "QUIT"
2. The settings menu can be accessed in the upper right corner by pressing the grey button marked as "SETTINGS"
3. The game can be started by pressing the button in the middle marked as "START"

## Gameplay

When playing the game, you control the player with either W, A, S, D or with the arrow keys on your keyboard.

The combat will be handled automatically. Some weapons will fire in the direction you are facing meanwhile some weapons will be guided and automatically target an enemy.

You can gain xp and increase your level by killing enemies, this will unlock new weapons or upgrade your current ones.

You can see your Level, XP and Health in the lower left corner.

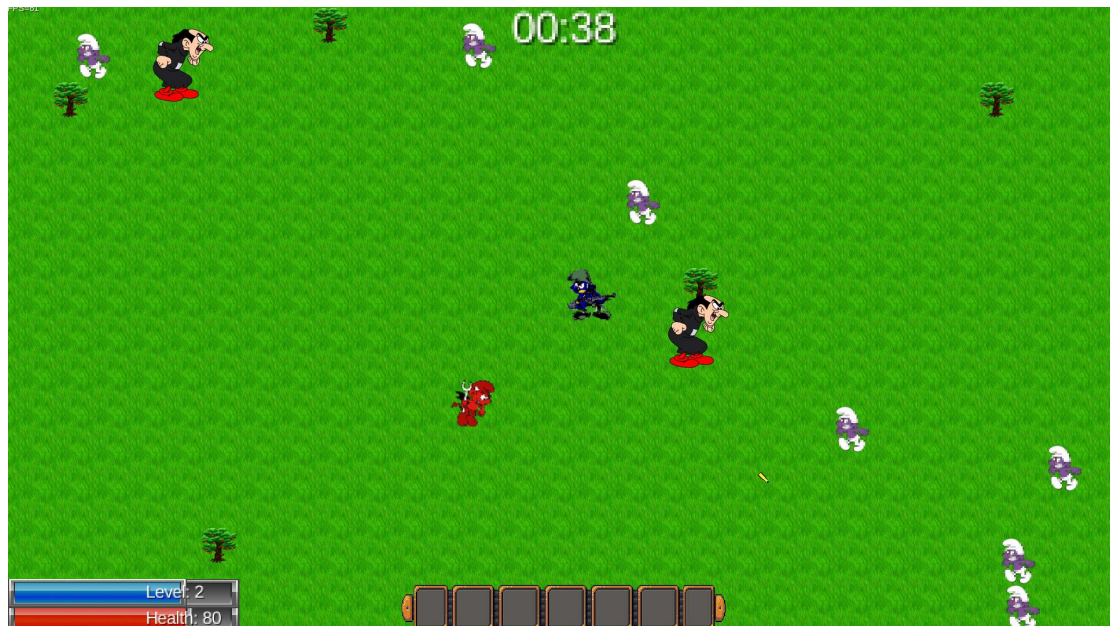

You can see how long the game has progressed by looking at the timer at the top of the screen.

The toolbar at the bottom will show which weapons you have unlocked and their level **(Not yet implemented)**

If your Health reaches zero, the game is over and you have lost.

You can gain Health by picking up red Food items that spawn

randomly on the map.

## Settings Menu

The settings menu can be reached by pressing "ESC" thus pausing the game and then pressing the settings button in the upper right corner.

In the settings menu you can change the following things.

1. Difficulty can be changed by pressing either EASY, MEDIUM or HARD.
2. The sound and music volume can be changed independently by dragging the corresponding slider left to right.

The settings menu can be exited by pressing the "BACK" button.
